

For Health Care:

- Issued an Executive Order **protecting women's reproductive rights** after the Supreme Courts overturning Roe v. Wade.
- **Expanded health care to more Americans** through [healthcare.gov](https://www.healthcare.gov), where 4 out of 5 people can buy health insurance for \$10/month or less.
- **Lowered Medicare recipient's health care expenses** by capping prescription drug costs at \$2000/year, capping insulin costs at \$35/month, lowering the cost of hearing aids, providing free vaccines, and allowing Medicare to negotiate the price of high-priced drugs with drug manufacturers
- Oversaw the **country's rebound from the COVID-19 pandemic** by providing free vaccines, test kits, masks and recommendations as new information and experience emerged.
- **Made improvements to veterans' medical benefits**, including those used for exposure to toxic chemicals and burn pits.

For Diversity and Equally:

- **Appointed a record number of women and people of color** to serve in his Administration, appointed the first African American woman to the Supreme Court (Ketanji Jackson), and made the highest number of diverse judicial appointments (66% women, 65% people of color).
- **Awarded a record number of federal contracts** to small and disadvantaged businesses, and increased **access to credit for small businesses** which resulted in a dramatic increase in small, black-owned business and black family wealth.
- Proposed new regulations to **prohibit the discrimination against persons with disabilities** by the medical profession in providing medical treatment, by child welfare agencies in child welfare decisions (e.g., foster care services, child placements, etc.)
- Signed bipartisan legislation **protecting same-sex and interracial marriage**.
- Provided **funds for Tribal governments and Native communities**.
Issued an Executive order **protecting LGBTQ+ Americans in the military from discrimination** in housing, health care, education and employment.

For the Environment:

- **Rejoined the Paris Agreement** to combat climate change.
- Signed over 100 Executive Orders and legislation to **develop clean energy, protect America's lands/waterways, reduce pollution, and energize the development of clean energy businesses**.
- Provided over \$369 million to **reduce greenhouse emissions** by 40% in the next 7 years, **promote clean energy technologies**, and help move our country to greater **energy self-sufficiency and less foreign dependency**.
- **Reduced the costs of electric vehicles (EV)** with tax credits, initiated the first national EV charging network, and made historic investments in US based EV battery production and materials.
- **Stimulated America's offshore wind industry** and convened the first federal-state wind partnerships.
- Implemented policies and regulations to **reduce pollutants** like HFCs, methane gas (earmarked \$350 million to 14 states) and other emissions fueling climate change.
- Focused and **set aside money to clean up pollution** sites: more than \$1 billion for Superfund sites, over \$250 million for brownfield sites, \$1 billion for the Great Lakes, and \$725 million for abandoned coal mine sites.

President Biden's and the Democrats' Accomplishments ... they Govern!

For:

The Economy
Workers
All Americans
Foreign Policy
Criminal Justice
Students
Health Care
Diversity and Equality
The Environment

For the Economy:

- **Avoided a recession** by effectively using interest rate manipulations and other economic programs. **Stock market gains, retirement account increases and investment capital availability** are a direct result of Biden's leadership and collaboration with businesses.
- Implemented smart timely economic policies which resulted in the **economy growing by 3%** over the past 2 years. The stimulus money, new infrastructure and green-energy projects, and buoyed consumer confidence and spending, have fueled the economy's growth.
- Championed historic bipartisan **legislation to revitalize the economy** and provide aid to those struggling with COVID-19 and inflation.
- Worked to **extend the Child Tax Credit** to lift more families out of poverty.
- Increased the IRS budget for enforcement of tax laws and revenue collection, specifically focusing on high income cheaters.

For Workers:

- Implemented policies and programs resulting in the **creation of 14 million jobs** during Biden's first 3 years in office. (That's twice as many as were created under Trump!) Job growth has dramatically exceeded expectations and resulted in the **unemployment rate reaching an all-time low of 3.4%**, and an amazingly **strong labor market**.
- Signed the bipartisan **Chips and Science Act** providing funds to **produce semiconductor chips in the US** for cars, cellphones, laptops, appliances, etc.; thus creating **good paying US manufacturing jobs** and **cutting our dependency** on foreign countries like China.
- **Reduced unemployment among Blacks, Hispanics, and disabled people** to near record lows.
- **Supported union workers** by standing arm in arm with them on picket lines for better wages, benefits and working conditions.
- Incentivized companies to **invest nearly \$300 billion in US manufacturing plants and jobs**.
- **Raised the minimum wage** for federal workers and contractors to \$15/hour.
- **Created "workplace hubs"** to provide training, retraining, education and apprenticeships in emerging technology and manufacturing jobs.
- Awarded the most federal contracting dollars to small and disadvantaged businesses.

For All Americans:

- Selectively stimulated and increased US oil production resulting in **lower gas prices** at the pump and **less dependence on foreign oil**.
- Championed the bipartisan \$1 trillion **Infrastructure Bill** which focuses on: **repairing roads, waterways, bridges, airports, and railroads**; expanding **high-speed internet** in rural communities; increasing the availability of **electric vehicles, low emission public transportation, clean energy, and clean water**. This bill **generates thousands of new jobs** over the next decade.
- Championed and signed the bipartisan **American Rescue Plan** which **protects workers' pensions**, provides funding to communities and businesses devastated by Covid-19, **lowers or eliminates health insurance premiums** for millions of lower and middle income families, provides funds for affordable housing, **provides money for public safety and crime reduction, provides support to small businesses**, expands food assistance programs in homes & schools, **expands child care programs, invests in mental health** and health care centers, adds \$40 billion for investing in American workers, provides funding to the economies of tribal nations, and supports families with children. Child poverty has already been cut in half as a result of these efforts.
- Enacted first meaningful **gun violence reduction** law in 30 years, the bipartisan **Safer Communities Act**, which provides incentives for states to pass **red flag gun safety laws**, helps **prevent people convicted of domestic abuse from gun ownership, expands background checks** on people aged 18-21 who want to buy a gun, and **allocates funds for the mental health** of young people.
- Championed and signed the **Electoral Count Act** to **protect election integrity**.
- Signed the Postal Service Reform Act which helps **modernize and stabilize the U.S. Post Office**, focuses on on-time delivery, and enables mail delivery to continue 6 days per week.

For Foreign Policy:

- Reestablished **America's leadership and standing as a world power** by reaffirming and **strengthening our commitment to NATO**, the G7 and other alliances.
- Rallied the world and **secured US and World funding/support for Ukraine** against Russia including weapons and humanitarian aid.
- Imposed punitive **sanctions against Russia** for their unprovoked invasion of Ukraine.
- Undertook significant actions to **curb Chinese threats to our national security and economic interests** including: restricting China's access to US advanced technology, hosting a summit with South Korea and Japan, and working to improve communications between the US and China.
- Continued our **fight against global terrorism** conducting numerous successful counter-terrorism missions against ISIS and Al Qaeda.
- Continued the **US's support of Taiwan** by providing over \$300 million of military equipment to them in support of their national defense.
- Completed the withdrawal of US troops from Afghanistan.

For Criminal Justice:

- Signed Executive Orders which **improves prison conditions**, provides assistance to parolees and the recently released, improves police practices like **banning choke holds and reducing no-knock entries, creates a national police database and reduces the transfer of military equipment to police departments**.
- **Halted federal executions**.
- Issued **pardons for people convicted under federal law for simple possession of marijuana**.
- initiated a review of marijuana's classification on the federal drug schedule with an eye towards changing its classification to a more appropriate level.

For Students:

- **Reduced student loan debt by \$132 million dollars** for more than 3.6 million Americans. This resulted in **reduced outstanding student loan balances** for the past 7 months, cancelled more than \$22 billion in student loan debt, and affected more than 40 million borrowers.
- Increased availability and maximum value of **Federal Pell Grants to low-and middle-income students**.
